

# Administration of First Aid

## POLICY STATEMENT:

Lake Mac Newy OOSH will provide and maintain a high level of care for children attending the service. The service will ensure that necessary educators will be suitably qualified in emergency first aid management and that first aid equipment and support will be available to all children, educators and visitors to the service and whilst on excursions. Ideally, all educators will undertake senior first aid, CPR, asthma and anaphylaxis management training to ensure full and proper care of all is maintained (My Time Our Place 3).

## PROCEDURE:

- The nominated supervisor is responsible for ensuring that a minimum of one educator/staff member who is currently qualified in senior first aid, asthma management and anaphylaxis management is present at the service at all times and is educating and caring for children. Evidence of the first aid training will be kept in staff files, in the staff matrix folder and displayed on the staff roster. (r136)
  - All Responsible people will have current 'HLTAID012 Provide First Aid in an Education & Care Setting'
  - CPR training for all Responsible people will be refreshed annually.
  - The service will endeavour to have all or a majority of educators holding a current first aid qualification.
  - A current first aid certificate or willingness to undergo training will be advertised for all new positions.
  - The centre will budget for the cost of the first aid course or renewal for Responsible Person as part of the training budget.
1. An appropriate number of fully stocked and updated first aid kits, in regard to the number of children bearing educated and cared for, will be kept in the 'set up office' area while the service is running, one in the staff storeroom, one in the emergency evacuation bag and also one for outside. Educators are to ensure that this is easily accessible and recognisable to all educators and volunteers and kept inaccessible to the children. (r89)
    - The first aid kit will contain the minimum equipment suggested by the Red Cross or St John's Ambulance and a first aid manual will be kept at the centre. Management will use the services of Affordable First Aid Supplies to check and refill first aid kits on a quarterly basis.
    - A separate travelling first aid kit will be also maintained and taken on all bus trips and outdoor activities including school pick up and drop off.
    - A cold pack will be kept in the fridge for treatment of bruises and swelling.
    - An inventory of the kits will be maintained and checked on a minimum of a 6 monthly basis and signed off by the Nominated Supervisor/ Assistant Coordinator or Responsible Person and a First Aid officer from Accidental Health and Safety representative. The checklists may be requested for sighting by management or from the NSW regulatory authority.
    - At orientation, educators and volunteers will be made aware of the first aid kit, where it is kept and their responsibilities in relation to it.
    - Qualified first aiders will only administer first aid in minor accidents or to stabilise the victim until expert assistance arrives in more serious accidents.
    - Telephone numbers of any emergency contacts and the poisons centre will be located in the office area, near the telephone.

- In the event of an emergency, the educator administering the first aid must not leave the patient until emergency services or the parent arrives. A second educator should make all emergency calls.

**In the case of a minor accident, the first aid attendant will:**

- Reassure the injured person
  - Assess the injury
  - Attend to the injured person and apply first aid as required.
  - Ensure that disposable gloves are used for any contact with blood or bodily fluids.
  - Ensure that all blood or bodily fluids are cleaned up and disposed of in a safe manner as per the infectious diseases policy.
  - Ensure that anyone who has come in contact with any blood or fluids washes their hands thoroughly in warm soapy water.
  - Record the incident and treatment given on the centre's Incident Report Form recording the following details: (r87)
    - Name and age of the injured person
    - Date, time, and location of incident
    - Description of injury and circumstances of how it occurred, including witnesses.
    - Treatment given and name and signature of first aid attendant
    - Details of any medical personnel contacted.
    - Name and details of any parent or emergency contact notified or attempted to notify.
    - Time and date of report and name and signature of a person making report
    - Name and signature of nominated supervisor
  - Notify the parents either by phone after the incident if seen fit or on their arrival to collect the child.
  - Parental signature confirming knowledge of the accident report form will be gained at the soonest possible convenience.
- 
- Where the service has had to administer first aid and the incident is deemed serious as per Regulation 12, the Nominated Supervisor will ensure that the steps outlined in the "Management of Incident, Injury, Illness and Trauma" policy are followed and the Regulatory Authority is notified within 24 hours of either the incident or them becoming aware of the incident.
